

SUN PROTECTION FOR OUTDOOR WORKERS

SUN HAT WITH NECK SHADE

STAY SAFE IN THE SUN

DID YOU KNOW?

Outdoor workers have a **high risk of skin cancer** due to repeated and prolonged sun exposure.

You need sun protection even if it is cloudy or cold.

90% of skin cancers occur on **parts of the body not usually covered by clothing** - the face, hands, forearms and ears.

Sunscreen lotions may offer limited protection due to excessive sweating and the need for constant re-application.

Wide brim hat helps keep the sun off your face, ears and shoulders

Mesh panels on the crown help sweat evaporate keeping you cool

Extra long neck flap protects the back of the neck and ears from the sun

Adjustable chin strap keeps the hat in place

65/35 poly cotton twill, 100% cotton till or UPF 50+ poly cotton twill options

Large front panel to accommodate corporate logos

Colour :Khaki, Navy, Grey

#KSHN_103

Sun Hat with Neck Shade
